HELP PERU, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note A
Summary of Significant Accounting Policies

Nature of Operations:

Help Peru, Inc., (the "Organization") was incorporated in 2013 as a not-for-profit organization tax-exempt from federal, state and local income taxes under Section 501(c)(3) of the Internal Revenue Code and provisions of the Not-For-Profit Corporation Law of the State of New York. The Organization's mission is to help underprivileged Peruvians improve their access to education, healthcare, water, and sanitation.

Basis of Presentation:

The financial statements and accompanying notes are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Financial Statement Presentation:

The Organization's net assets, revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions in accordance with Financial Accounting Standards Board's Accounting Standards Codification ("FASB ASC") No. 958-205-05, "Presentation of Financial Statements for Not-For-Profit Entities". It requires that the amounts for each of the classes of net assets be displayed in the Statements of Financial Position and that the amounts of change in each of those classes of net assets be displayed in the Statements of Activities.

In accordance with U.S. generally accepted accounting principles ("U.S. GAAP"), the Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions - net assets available for general use to support operations. The only limits on the use of net assets without donor restrictions are broad limits resulting from the nature of the organization, the environment in which it operates, and the purposes specified in its corporate documents.

Net assets with donor restrictions - net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or programmatic purposes specified by the donor. Other donor-imposed restrictions may

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Summary of Significant Accounting Policies (Continued)

Contribution Receivable:

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Conditional promises to give are not recorded as receivable until the conditions are met.

Revenue Recognition:

Contributions Revenue

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period received or promised. Conditional contributions are recorded when the conditions have been met. Contributions are considered to be without donor restrictions unless specifically restricted by the donor for time or purpose.

The Organization reports contributions in the donor restricted net asset class if they are received with donor stipulations as to their use and/or time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restriction are released and reclassified to net assets without donor restriction in the consolidated statement of activities.

Donor-restricted contributions are initially reported in the with donor restriction net asset class, even if it is anticipated such restrictions will be met in the current reporting period.

Other Revenue

Revenue from grants and contracts that are considered to be conditional contributions are recorded in the statement of activities under corporate donations within the revenues and support section and are recognized as qualifying expenses are incurred under the agreement. The Organization adopted the simultaneous release option for donor-restricted conditional grants that are recognized and used within the same reporting period, therefore, these amounts are reported as without donor restriction.

Note A
Summary of Significant Accounting Policies (Continued)

Contributed goods and services:

The Organization receives contributed goods in connection with its programs. The estimated fair values of these items are reported in the statements of activities and changes in net assets as individual direct donations revenue and expenses in the year in which they are received.

Contributed services are reported at fair value in the financial statements for voluntary donations of services when those services (1) create or enhance nonfinancial assets or (2) require specialized skills provided by individuals possessing those skills and are services which would be typically purchased if not provided by donation.

Expenses and functional allocation of expenses:

Expenses are recognized by the Organization during the period in which they are incurred. Expenses paid in advance and not yet incurred are deferred to the applicable period.

The Statements of Activities report expenses by both natural and functional classification. Certain categories of expenses are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Costs are directly applied to the related program or supporting services category when identifiable and possible. General operating costs across nearly all-natural categories are allocated on the basis of estimates of time and efforts.

Note B
Paycheck Protection Program Loan

As a result of the uncertainty surrounding the COVID-19 pandemic and its impact on operating results, the Organization applied for Paycheck Protection Program (“PPP”), and received loan proceeds of \$25,000 in aggregate. These loan proceeds were received from February, 2021, through April, 2021, under the Paycheck Protection Program through promissory notes from JPMorgan Chase Bank. (the “PPP Loans”). The PPP was established as part of the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”) and is administered by the U.S. Small Business Administration.

The Organization has determined that the PPP Loans should be accounted for under FASB ASC Topic 470, “Debt” and recognized a gain, of the entire amount, resulting from the forgiveness upon legal release of its obligation from the bank and/or the SBA, in September 2021, which is included as other income in the accompanying Statements of Activities and Changes in Net Assets for the year ended December 31, 2021.

Note D
Tax Status

The Organization is formed as a not-for-profit organization and is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code.
